

# HEALTH CARE

**2015 GRANTMAKING IN HEALTH CARE**  
**62 NEW GRANTS**

**\$53.3 million**

A total of \$38.3 million was distributed, some of which was from commitments approved in previous years.

Enhancing the lives of individuals and the vitality of communities by promoting prevention, improving the quality and safety of services and increasing access to care.

*James B. Duke*

THE DUKE ENDOWMENT

**Quality and safety of health care**

Improving the quality and safety of health care delivery

**2015 GRANTMAKING**

\$33.4 million in 21 new grants

Funding helped the North Carolina Institute of Medicine convene a statewide task force charged with developing an actionable strategic plan for addressing Alzheimer's disease and related dementias.

**Access to health care**

Improving health by increasing access to comprehensive care

**2015 GRANTMAKING**

\$16.0 million in 32 new grants

A new program is giving pediatric patients access to behavioral health services through privacy-protected virtual care. The goal is to offer seamless — and critical — services to children.

**Prevention**

Expanding programs to promote health and prevent disease

**2015 GRANTMAKING**

\$3.8 million in 9 new grants

With its start in five North Carolina regions, Healthy People, Health Carolinas takes a community-based approach to addressing chronic health issues such as unhealthy weight, diabetes and heart disease.
